

Application Guidelines and Instructions

Read this entire section carefully before filling out the application.

Our Summer Camp Application Program is expected to be highly competitive. Grant range: \$2,500 - \$25,000. Budgetary items must be for either tuition assistance for campers, facility rental, lesson kits, or wages for camp staff (which may include nurses).

Examples of items we likely will not fund: Brick and mortar grants, one-to-one computer systems, vehicles, camps that are less than three (3) days in duration, contributions to endowments or large community wide capital drives or national organizations (we only want to fund specific camps, so we will consider chapters of national organizations that are dedicated to a single camp).

Eligibility hereunder is limited to exempt organizations as defined in Internal Revenue Code Section 501(c)(3), religious congregations, governmental agencies, universities, community foundations, or organizations working under the fiscal control of a 501(c)(3) organization. All camp programs should have been in operation for at least four (4) years or more.

Please keep in mind the following:

- Programming must be open to children of all faiths.
- Only one application per organization will be considered.
- Both day and overnight camps will be considered. Camp sessions should be at least 3 days in length. Preference will be given to full-day and overnight camps that are more than 5 days.
- Only organizations providing/operating camp programs should apply.

We are particularly focused on the alleviation of human suffering and to the extent a summer camp program services children who are unable to attend most other camps due to special needs may receive additional consideration (such as a camp specialized for children who received a heart transplant). Other considerations that may result in priority include programs that:

- Are located in Louisiana or Mississippi-
- Promote STEM, advanced learning and leadership.
- Provide tuition assistance to children from under performing schools or impoverished communities.
- Provide transportation and meals for campers receiving tuition assistance.
- Reduce summer learning loss by providing high-quality learning instruction (particularly in math) by trained staff and have a low camper to counselor ratio.
- Incorporate academic enrichment activities as a part of the camp programming to reduce summer learning loss.
- Communicate with and engage parents or guardians before, during, and after camp.

In consideration of approval, applicants must agree to the following:

1. Grant period runs May 1, 2022 through August 31, 2022. The organization may be visited during the grant period. The visit, if we determine one is warranted, will be scheduled during camp session.
2. Approval letters will be mailed out on or about March 15, 2022. Funding will be issued on or about April 1, 2022.

Application Guidelines and Instructions (section continued)

4. To maintain records of receipts and expenditures regarding this grant and to make these records available to The Joe W. and Dorothy Dorsett Brown Foundation at reasonable times.
5. To repay any portion of the grant not used for the purpose named in grant request. Changes may be requested regarding the budget or plan prior to implementation. Please notify us of personnel changes.
Note: In 2020 and 2021, we allowed various extensions due to COVID-19 interrupting camp schedules and we may do so again in 2022, if warranted.
6. Not to use any of the funds for non-charitable purposes, for lobbying, for propaganda, to influence legislation or public elections or to make grants or loans to individuals.
